

CHRISTMAS CODING SLOVAKIA

CHRISTMAS CODING

As a part of the dissemination of our project we decided to organize Christmas Coding Event for our children, their parents, grandparents, siblings and friends. We prepared five different coding activities in five different classrooms in our school and all of our guests had the opportunity to participate. The activities included the following online and offline coding: CODE YOUR BRACELET, CODE YOUR PARTY, CHRISTMAS PIXEL ART, CODE YOUR MOVE, and CODE YOUR VIDEO GAME. We received very positive feedback and felt that what we do make sense and it is the correct path for our children to be world ready for the future.

1. CODE YOUR BRACELET

2. CODE YOUR PARTY

3. CHRISTMAS PIXEL ART

4. CODE YOUR VIDEO GAME

5. CODE YOUR MOVE
